BUILDING OUR FUTURE TODAY

Elwood St Kilda West Parish; St Columba's Primary School; St Columba's Church; Sacred Heart Church; Community Together

In 1914, the parish of Sacred Heart, St Kilda West purchased the site where St Columba's church and school stand, and raised the funds to build the first two brick classrooms. This

history of our parish community raising money to support the school continued for many years.

Your children, like many before them, have benefited from generous donations to the School Building Fund.

In particular, donations from parishioners from St Columba's Church & Sacred Heart Church enabled the redevelopment of the school in 1980.

Our school, whilst maintaining its wonderful spirit, has in recent years started to require significant work to enable us to continue supporting children well into the 21st Century. A Masterplan has been developed outlining the required and desired building works. Recent Commonwealth funding has enabled a significant redevelopment of part of our school but there are many other areas which still require work.

Building Our Community Together

Parental partnership to provide up to date facilities for our children is critical for developing today's students into tomorrow's leaders which is reflective of communities around us locally and globally.

Our history shows that St Columba's has long been a vibrant community where everyone works together to achieve great things. Through the strong partnership that exists between parish school and families we can continue making the school a better place for all our students.

I hope you will join with others in the school community and contribute to the fully tax deductible fund.
